Career offer 2018_01_02_Program manager

Job Description: Program manager

Aryxe is looking to hire a Program manager, responsible for the successful developing local, European and global markets with a focus on China, Eastern Europe and South America, coordinating the program's projects and management of their interdependencies.

Responsibilities:

- Co-developing and driving small and large-scale projects within Eastern Europe
- Develop and maintain good relations with Chambers of commerce, Trade organizations, Embassies and other governmental and non-governmental organizations
- Represent Aryxe at national and international trade fairs and exhibitions
- Support the CEO, CTO and sales director with customer projects
- Support the Product development and consulting team on designing and developing new products

Skillset:

- Expertise in Program and Project Management
- Fast analytical understanding
- Highly motivated and self-starting attitude
- Experienced in an international, intercultural and multilingual setting
- Can communicate on all levels up to senior-official and board-level.
- Excellent problem-solving skills

Education: Master's degree or PhD (Economics, Business Administration, Marketing, Languages, Communication or similar)

Languages: Mandarin, Spanish or Portuguese and Bulgarian (additional languages are a strong plus)

Travel: Occasional international travel

Future Opportunity: Director of Business Strategy

Availability: Immediately

Type: Fulltime

Main Work Location: Sofia (Vertigo Tower, 109 Boulevard Bulgaria)
